Roberto Perez Diaz is Director of IIMA, a past National Committee member of the Venceremos Brigade (VB) (See Appendix), and the founder of IIMA on February 8, 1971. He has traveled to Cuba on several occasions.

Ruben Perez advised that during 1970, Roberto Perez Diaz, who was very active in recruiting people to go to Cuba with the VB, convinced him he should go to Cuba. Roberto Perez Diaz had indicated to him his stay in Cuba might be indefinite, indicating he might be contacted by someone there for additional training. At the suggestion of Roberto Perez Diaz, he had assumed the identity of Josue Roberto Perez, who was born July 18, 1940 and had died when he was two or three years old. Josue had been a cousin of Roberto Perez Diaz. At about this time, he and Roberto Perez Diaz went to San Antonio, Texas where they met a man who provided money to help people travel to Cuba.

Ruben Perez went to Cuba and worked with the VB. He was personally taken on tours by a black Cuban on two occasions and was shown various universities, mental institutions, and factories. He was then hospitalized because of his narcotics withdrawal symptoms and after this, the Cubans paid no more attention to him because of his narcotics addiction.

APPENDIX

~~CONFIDENTIAL~~

1.

~~CONFIDENTIAL~~
VENCEREMOS BRIGADE

The Venceremos Brigade (VB) was formed in June, 1969, in cooperation with the Cuban Government to show support for a successful communist revolutionary government and to encourage American youth to travel to Cuba in defiance of a ban on travel to Cuba by the U.S. Department of State. The VB seeks participation of subversive people in the United States, based on their support for the communist regime and desire to aid in harvesting agricultural products and construction of housing in Cuba. The VB has stated it will seek to educate people about imperialism and foster a revolution against it. Individual members of the VB have made statements to the effect that the most significant effect of the Brigade would be to build a revolutionary movement in the U.S. around those who go to Cuba. The VB utilizes a questionnaire to screen applicants and recruitment for membership in recent Brigades has favored individuals with subversive backgrounds. It is known that officials of the Cuban Government have played a dominant and decisive role in the formulation of VB policy and in selection of VB leaders and members for recent VB contingents. VB members are known to have been contacted by various hostile intelligence services while in Cuba, and it is known that the VB is being used by these intelligence services for spotting purposes as well as recruiting intelligence agents and support personnel. The VB is currently headquartered in New York City.
